

INTRODUCING DINING MANAGEMENT ON CRUISINGPOWER

Dining Management on CruisingPower

The Dining Management section on CruisingPower allows you, our Travel Partner, to view, print or email the dining seating arrangements for your clients within a group. You simply log in to CruisingPower, click on the link for “Dining Management” under the Booking Tools section on the CruisingPower navigation bar and enter the group booking number. Once the group booking is retrieved, you will be able to view any existing seating requests. You will also be able to assign during a window of time 45 to 22 days prior to sailing each guest* to specific table sizes, within your group dining allocation. We have also made it easier than ever before to request certain changes to your group’s seating arrangements.

Features of the online Dining Management tool:

- Quick and easy retrieval of your agency’s bookings and the ability to manage seating assignments* for certain types of groups, 24-hours a day, 45 to 22 days prior to sailing.
- View the status of your group’s dining request and, once confirmed*, view a report.
- Print, fax or email your group’s confirmed dining directly from CruisingPower.

Benefits of using the online Dining Management tool:

- No more waiting on the phone, or submitting cumbersome handwritten or faxed forms.
- Easy online tool, with simple point-and-click functions.
- Guests will be listed, and can be sorted by last name, stateroom number and dining time.
- Available 24-hours a day, wherever you have internet access.

Get out there.[®]

*While you can use Dining Management to view your group’s seating assignments, you can only make the changes described above between 45 days and 22 days from the sailing. Outside of this time, please contact your Partner Advocate for additional information. We do not seat guests within a group at a table with guests from another group. Guests in the same stateroom are seated at the same table, unless the Travel Partner specifically requests separate tables. Terms & Conditions: The Dining Management tool functionality to assign guests to specific tables is not available for incentive or contracted groups. Royal Caribbean International[®] reserves the right to change seating assignments and to deny requested changes at our discretion. Features and functionality of the Dining Management tool subject to change without notice. All agents currently registered for Cruisingpower will be given access to the tool. Agency Administrator will need to update/deny access for individual agents. ©2006 Royal Caribbean Ltd. Ships registered in the Bahamas SL06-123732 • 2/15/2006
